

Homework_Lesson 2_OS_1

1. Создайте виртуальную машину и установите образ любой версии Ubuntu.

Установка Ubuntu 24 с граф оболочкой

2. Необходимо проделать установку в режиме GUI на ваш выбор.
3. Добавляйте в отчёт только скриншоты процесса разметки диска

* Будет плюсом добавление в отчёт процесса создания своей структуры системы (напр., отдельный диск для папки home)
